ABOUT ME

Frontend Developer with 3 years of commercial experience building web applications with React, Next.js, and TypeScript. Skilled in developing responsive interfaces, implementing features based on provided designs and existing product patterns, integrating third-party services, and improving user experience based on feedback and business needs.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript

Frontend: React, Next.js, React Native

State Management: Zustand, Redux, Redux Toolkit

Styling: HTML, CSS, SCSS, Tailwind CSS, Material UI, Styled Components, Radix UI

Forms & UI: React Hook Form, responsive design, component-based architecture, pixel-perfect implementation

API & Integrations: REST API, Axios, Fetch API, WebSockets, Stripe, SendGrid, Nylas, Firebase

Tools: Git, GitHub, Figma, Postman, ESLint, Prettier, Cursor, OpenAI Codex, Claude

Soft Skills: Team collaboration, clear communication, attention to detail, problem-solving, adaptability, time management.

WORK EXPERIENCE

ONE PLATFORM | 06.2025 - Present

<https://oneplatform.club/uk>

Achievements:

- Develop and maintain product features in a React, Next.js, and TypeScript application.
- Implement new modules and improve existing functionality based on product requirements.
- Translate Figma designs into responsive and consistent user interfaces.
- Collaborate with backend developers and designers to ensure smooth integration and high-quality delivery.
- Participate in product discussions, feature planning, and UI improvements.

Technologies:

React, Next.js, TypeScript, WebSockets, Zustand

VRB Tech | 04.2024 - 05.2025

AusLaw Concierge

<https://www.auslawconcierge.com.au/>

Achievements:

- Implemented calendar integration for availability management and external calendar connections.
- Built real-time chat and community features using WebSockets, including posts, reactions, comments, statuses, and admin tools.
- Developed features for both web and mobile applications, contributing to a seamless cross-platform experience.

Technologies:

React, React Native, Redux, TypeScript, Firebase, WebSockets, Stripe, SendGrid, Nylas, Material UI

Crown Softs | 09.2023 - 04.2024

Achievements:

- Built the frontend architecture from scratch using Next.js and TypeScript.
- Developed responsive interfaces and integrated frontend functionality with backend services.
- Improved user experience through UI enhancements, animations, and multilingual support.

Technologies:

Next.js, TypeScript, JavaScript, Material UI, react-hook-form, react-slick, react-scroll, next-themes

WiseVision| 12.2022 - 06.2023

ENGINUTY

Achievements:

- Developed reusable UI components to improve consistency and development speed.
- Implemented feature flags and permissions for flexible access management.
- Improved responsiveness, maintainability, and overall frontend performance.

Technologies:

React, TypeScript, JavaScript, Material UI, Styled Components, REST API, react-hook-form
